## MARINE BIODEGRADABLE MULTIPURPOSE LUBRICANT

**Marine Biodegradable Multipurpose Lubricant** is a rapidly biodegradable, multi-purpose, penetrating lubricant that cleans, lubricates and protects. It contains superior anti-wear additives that provide high film strength and low film thickness to prevent metal-to-metal contact.

**Marine Biodegradable Multipurpose Lubricant** displaces moisture and can be applied to wet surfaces. **Marine Biodegradable Multipurpose Lubricant** is readily biodegradable making it the perfect multipurpose lubricant option for recreational and commercial marine users.

### *Applications*

---

- ◆ Penetrates to loosen frozen nuts and bolts, lubricates moving parts and friction points.
- ◆ Use on boats, personal watercraft, firearms, fishing reels, downriggers, levers, linkages cables, hinges, locks, threads, automatic chokes, battery terminals, ignition parts, wires, Doors, Locks.

### *Features and Benefits*

---

- |  |   |
|--|---|
| ◆ Rapidly Biodegradable                        | For maximum environmental protection.   |
| ◆ High film strength                           | Superior Extreme Pressure and anti-wear properties prevents wear and extend component life.                                       |
| ◆ Low surface tension                          | Exceptional penetration. Busts rust to loosen frozen parts.   |
| ◆ Displaces water and superior rust protection | Can be applied to a wet surface. Displaces moisture leaving behind a protective barrier film for maximum protection against rust. |
| ◆ User friendly                                | Will not affect plastic or painted surfaces. Non-toxic.   |

### *General Description*

---

**Marine Biodegradable Multipurpose Lubricant** is a thin film, biodegradable multipurpose lubricant, with special additives to provide high film strength to resist metal to metal contact and reduce wear and premature failure. It provides superior rust and corrosion protection from the moisture from the marine environment. It cleans and protects as is lubricates.

**Product No. 99704 (aerosol), 99705 (Bulk)**
