PRODUCT DETAILS

MOTORCYCLE CLEANING KIT

CLEANS & PROTECTS BIKE SURFACES

Motorcycle Cleaner – 500 ml Trigger Spray

A pH neutral super – concentrate shampoo, effective and not harmful to paintwork or any other motorcycle surfaces – removes dirt, grime and daily road traffic film.

Two cap fulls in a bucket cleans your whole bike.

Rapid Clean – 500 ml Trigger Spray

Quick and easy spray-on motorcycle surface cleaner and protectorant. Use on paintwork, plastic, fairings and other non-porous surfaces to create a protective layer.

Spray lightly, wipe into the surface and buff off for best results.

Cleans and protects and creates high shine, no need for anything else.

Micro Sponge

Expands in water

Micro-fibre Cloths x 2

Quality cloths

HELMET CARE KIT

CLEANS & PROTECTS INSIDE & OUT

Cleaner / Freshener / Deodoriser – 400 ml Pump Bottle

Bactericide spray combines disinfecting and air freshening to destroy odour producing bacteria, effectively eliminating malodours at source.

Spray into helmet to cover all pads and leave to dry. Effectively kills bacteria to prevent deterioration of pads and helmet lining.

Safe on fabrics including leather, suede and cotton.

Helmet & Visor Cleaner – 250 ml Trigger Spray

Safe cleaner for all helmets, visors and goggles that removes dirt, finger marks and streaks.

Contains ceramic to provide water beading, shine, and easier future cleaning.

Anti-Mist Spray – 75 ml Pump Bottle

Uses anti-static technology, preventing the build up of mist and fog ensuring a clear and transparent vision under the most challenging motorcycling conditions.

Micro-fibre Cloth

Quality cloth

PRODUCT DETAILS

MOTORCYCLE PREMIUM CERAMIC PACK

ULTIMATE 3 LEVEL BIKE SURFACE PROTECTION

Ceramic Bike Wash – 500 ml Bottle

Powerful cleaner which enhances SiO2 ceramic resins formulated to keep exterior surfaces looking pristine longer with ultra-water beading / repellent properties.

Two cap fulls in a bucket cleans your whole bike. Less foamy than a wash due to ceramic content. Creates the first layer of Ceramic protection.

Dura Seal Ceramic Coating – 500 ml Trigger Spray

The Latest ceramic innovation offering up to 6 months protection with a single application. A complex molecular structure uses Durazane resins providing the ultimate surface coating with outstanding benefits such as scratch protection, high-temperature resistance, water and dirt repellency, corrosion prevention and high gloss finish.

Spray lightly, wipe into surface until gone, wipe again creating friction to fully adhere ceramic to the surface. Creates the second layer of Ceramic protection.

Rapid Clean – 500 ml Trigger Spray

Quick and easy spray-on motorcycle surface cleaner and protectorant. Use on paintwork, plastic, fairings and other non-porous surfaces to create a protective layer. Use whenever you clean your bike to form the third protective layer.

Spray lightly, wipe into surface until gone and buff off for best results.

Micro Sponge

Expands in water

Micro-fibre Cloths x 2

Quality cloths

ROKiT

ANTI-CORROSION PACK

Dura Coat Anti-Corrosion – 500 ml Trigger Spray

The most effective home application anti-corrosion product available on the market. Easy to apply and it's hydrophobic effect protects against all types of corrosion and oxidation.

Will also protect electrical connections and components.

Cleaner Degreaser – 500 ml Trigger Spray

Powerful cleaner and degreaser. Simple to use and apply. Safe on all surfaces but ideal to prepare for application of Dura Coat Anti-Corrosion.

Fuel System Treatment – 250 ml Bottle

A highly concentrated and complex additive for all petrol engine types. Just add to fuel in the tank to avoid corrosion and deposit build up. Also cleans carburetors and injectors. Assists easy starting.

Micro-fibre Cloths x 2

NOT FORGETTING 'THE ESSENTIALS'

ROKiT OFF – HAS EVERYTHING YOU NEED

OEM manufacture partner of ROKiT

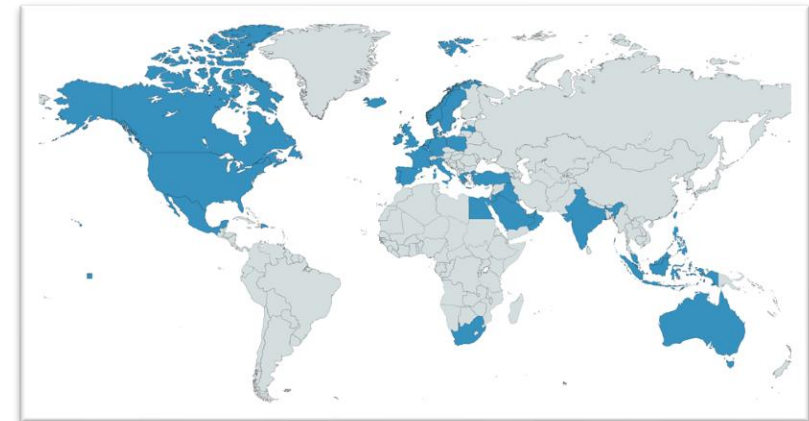

- OEM Partner**
- established for 20 years
 - manufactures and distributes exceptional automotive products within the UK and exports worldwide.

A leader in automotive OEM paint protection, working under brand licenses, formulating and manufacturing professional cleaning and finishing products for trade and consumer use.

A successful partnership with Moto GP for 10 years and Williams for 15 years, lists amongst other international brand partners such as McLaren, Michelin, Caiman and Stayzsafe.

OEM is dedicated to highest quality and service standards, having ISO9001 certification.
Proof of product quality.

Exporting across the World

WHAT MAKES ROKiT OFF DIFFERENT

ROKiT OFF products are developed specifically for motorcycles.

All ROKiT OFF products have been developed to be low abrasion, pH neutral and non-caustic (where possible).

Many ROKiT OFF products are bio-degradable.

- **ROKiT OFF Cleaning products are:**

- Developed to be less abrasive – meaning they are kind to & protect motorcycle surfaces.
- pH neutral and non-caustic – the products are a mix of technically advanced, water-based chemical formulas that are effective cleaners and protectorants but do not harm bike surfaces.
 - pH neutral is 7 on a scale 1-14 – nether acidic or alkaline.....kind to surfaces

- Boxed product kits, simple to shop, at affordable prices, with re-fills to continue the good work !

Cleaning your motorcycle without damaging it and leaving a protective layer to ensure your bike looks better for longer - easier to clean in the future.

Why ROKiT OFF ?

ROKiT OFF is a brand with a range created specifically for motorcycles

Other brands offer many products that have the same purpose

- Many 'lubes' or 'shines' or 'polishes'
- ROKiT OFF is a targeted range, providing the products needed to do the job
- Less confusing for consumers – Box Kits help 'trial' and product selection
- Keeping retail SKU's to an optimum level

Most products are spray based – non-aerosol / eco-friendly

- more product in the bottle

ROKiT OFF only available via retailers / online

ROKiT OFF doesn't discount it's products

ROKiT OFF – premium product, affordably priced

Strong retail branding and shelf presence.
