SILKOLENE ANTIFOG VISOR CLEANER

SILKOLENE ANTIFOG VISOR CLEANER is specially designed to clean goggles, glasses & motorcycle helmet visors whilst preventing fogging. Removes dirt, dust, grime, dead insects and oily residue from surfaces and polishes off to a streak-free, clear coating.

Description

SILKOLENE ANTIFOG VISOR CLEANER is designed to clean goggles, glasses & motorcycle helmet visors whilst preventing fogging when wearing face coverings. Removes dirt, dust, grime, dead insects and oily residue from surfaces and polishes off to a streak-free, clear coating.

Application

Apply (spray) directly onto your helmet visor surface. Wipe away with a clean, dry microfibre cloth. Polish off to a streak-free, clear coating. Use on the inside of helmet visor to prevent fogging, and the outside to repel rain. For information on product safety and proper disposal please refer to the latest Material Safety Data Sheet.

Advantages

- An easy to use product, designed to absorb and disperse tiny water droplets from goggles & glasses, motorcycle helmet visors ensuring that visibility is perfect.
- Prevents fogging when wearing face coverings, and repels water droplets from rain and splashes.
- Effective and suitable for most surfaces.
- Removes dirt, dust, grime, dead insects and oily residue from surfaces and polishes off to a streak-free, clear coating.
- Use on the inside to prevent fogging, and the outside to repel rain.
- Non-sticky.
- Long lasting.

Notes

The information contained in this product information is based on the experience and know-how of FUCHS LUBRICANTS (UK) plc in the development and manufacturing of lubricants and represents the current state-of-the-art. The performance of our products can be influenced by a series of factors, especially the specific use, the method of application, the operational environment, component pre-treatment, possible external contamination, etc. For this reason, universally valid statements about the function of our products are not possible.

Our products must not be used in aircraft or spacecraft. Our products may be used in manufacture of components for aircraft or spacecraft if they are removed without residue from the components prior to assembly into the aircraft or spacecraft.

The information given in this product information represents general, non-binding guidelines. No warranty expressed or implied is given concerning the properties of the product or its suitability for any given application. We therefore recommend that you consult a FUCHS LUBRICANTS (UK) plc application engineer to discuss application conditions and the performance criteria of the products before the product is used. It is the responsibility of the user to test the functional suitability of the product and to use it with the corresponding care.

Our products undergo continuous improvement. We therefore retain the right to change our product program, the products, and their manufacturing processes as well as all details of our product information sheets at any time and without warning, unless otherwise provided in customer-specific agreements. With the publication of this product information, all previous editions cease to be valid. Any form of reproduction requires express prior written permission from FUCHS LUBRICANTS (UK) plc.

SILKOLENE HELMET DEODORISER

SILKOLENE HELMET DEODORISER eliminates and prevents unwanted odours inside helmets, boots and gloves.

Description

SILKOLENE HELMET DEODORISER cleans and deodorises fabric inside bike helmets, boots and gloves to completely eliminate the unwanted odours caused by sweat and moisture after long rides. Formulated to remove bacteria which eliminates odours rather than simply masking them, leaving behind a long-lasting fragrance whilst protecting from further odour build up.

Application

Spray SILKOLENE HELMET DEODORISER into helmet, boots or gloves. Allow 10 - 15 minutes to dry. For information on product safety and proper disposal please refer to the latest Material Safety Data Sheet.

Advantages

- Formulated to remove bacteria and eliminate odours rather than simply masking them, leaving behind a long-lasting fragrance and protects from further odour build up.
- Coconut scented.
