

PRODUCT DATA SHEET

BEL-RAY[®] BRAKE & CONTACT CLEANER

Bel-Ray Brake & Contact Cleaner is formulated to clean and degrease all metal surfaces. This unique product will clean brake components and remove carbon and oil build-up. It dries in seconds leaving no residue. **Bel-Ray Brake & Contact Cleaner** can be used to clean electrical contacts including ignition, magneto contacts, breaker points, fouled spark plugs, carburetor parts, gear boxes and other engine parts, as well as other areas that require a quick-drying spray.

Applications

- ◆ For cleaning brake components
- ◆ For cleaning any greasy or gummy petroleum residue on machinery, tools, etc.
- ◆ For cleaning grease, grime, sludge, varnish and carbon deposits on plastic, metal or ceramic electrical switches, motors and components

Features and Benefits

- | | |
|--------------------|---|
| ◆ No residue | Ensures optimum performance of brakes and electrical components. |
| ◆ Superior solvent | Fast and economical removal of grease, grime, sludge and carbon deposits on metals and most other surfaces. Will not discolor metals. Harmless to paint or other finishes. Will not affect electrical insulation materials. |
| ◆ Easy to use | Easy aerosol spray applicator permits pinpoint precision for best results in difficult to reach areas. Leaves no mess to clean. |
| ◆ Fast drying | Reduces downtime and makes maintenance easier. |

General Description

Bel-Ray Brake & Contact Cleaner is specially formulated for superior cleaning without leaving an oily residue. This is critical to brakes for superior stopping power and on electrical components for reduced arcing and heat build-up. The unique formulation in convenient aerosol spray penetrates, dissolves and disperses long standing build-ups of grease, grime, sludge, varnish and carbon deposits for fast and easy cleaning of difficult to reach parts. Total disassembly of the components is no longer needed, reducing maintenance and improving turnaround time. Fast drying and easy to use, **Bel-Ray Brake & Contact Cleaner** belongs in every shop and tool box.

BEL-RAY[®] BRAKE & CONTACT CLEANER

Product No. 99070

Application Instructions

Be sure that all surfaces are cool before applying **Bel-Ray Brake & Contact Cleaner**. Let the product penetrate for a few seconds, and repeat until clean. Allow a few minutes for drying. For maximum penetration, several applications may be necessary. To facilitate later cleaning, wipe off all over-spray. Dispose of empty containers in a responsible manner.

Caution: *Use in a well-ventilated space. Product is flammable and should be used with appropriate caution.*

Do not spray on a hot surface or in proximity to flames or open fire.

Do not puncture or incinerate container, even when empty.

Always wear safety glasses when using this product.

Keep container away from heat.
